MEMBER OF INFOARENA TEAM <http://www.infoarena.ro>

Infoarena is a website with a community of about 9000 people, which focuses on helping students to develop their algorithmic skills. The team consists of 20 people, all with a strong-background in algorithms competitions. We organize contests for both high-school and college students and offer an online-judge with about 800 problems of algorithmic nature

**HOBBIES AND
FREE TIME:**

I enjoy driving, traveling and watching movies. I also occasionally play chess. I've recently become interested in trading FOREX and stocks.
