

What About Me?

What Will I Learn?

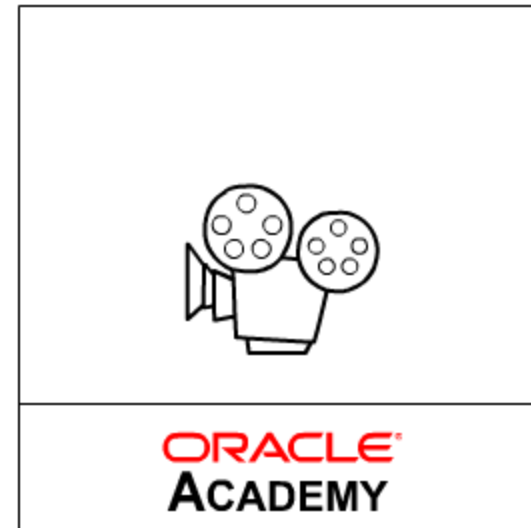

In this lesson, you will learn to:

- Analyze and understand IT career options and education requirements based on interests, abilities, aptitudes, and accomplishments

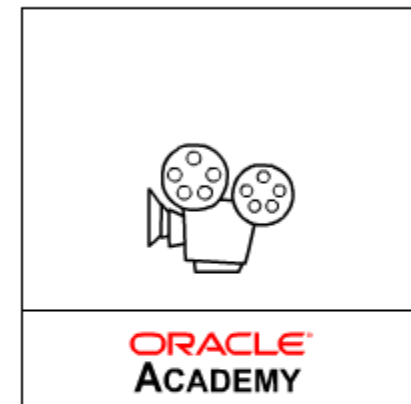

Why Learn It?

Being able to make realistic career choices is the first step to getting there.

Tell Me / Show Me

Your instructor will identify several websites for your research activity and explain the exercise to you.

Summary

In this lesson, you have learned to:

- Analyze and understand IT career options and education requirements based on interests, abilities, aptitudes, and accomplishments

Summary

Practice Guide
