

Oracle Academy Amazing Books

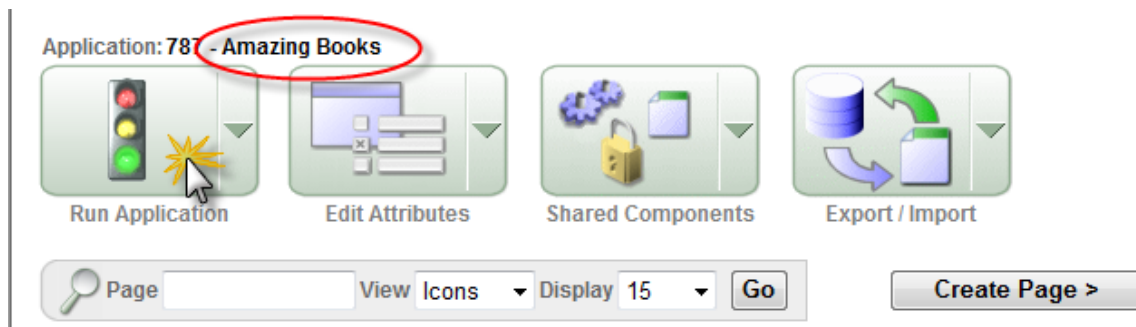

Part 6: Creating and Reporting on Orders Using the ORDER Input Form and Report Page

Now that your tables are made and the input forms are complete, it's time to create some orders for Amazing Books.

Step 1: Running the Amazing Books application

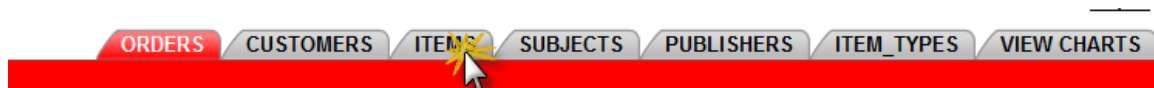

Make sure you have clicked on the Amazing Books icon and the Application heading is 'Amazing Books' as shown circled below.

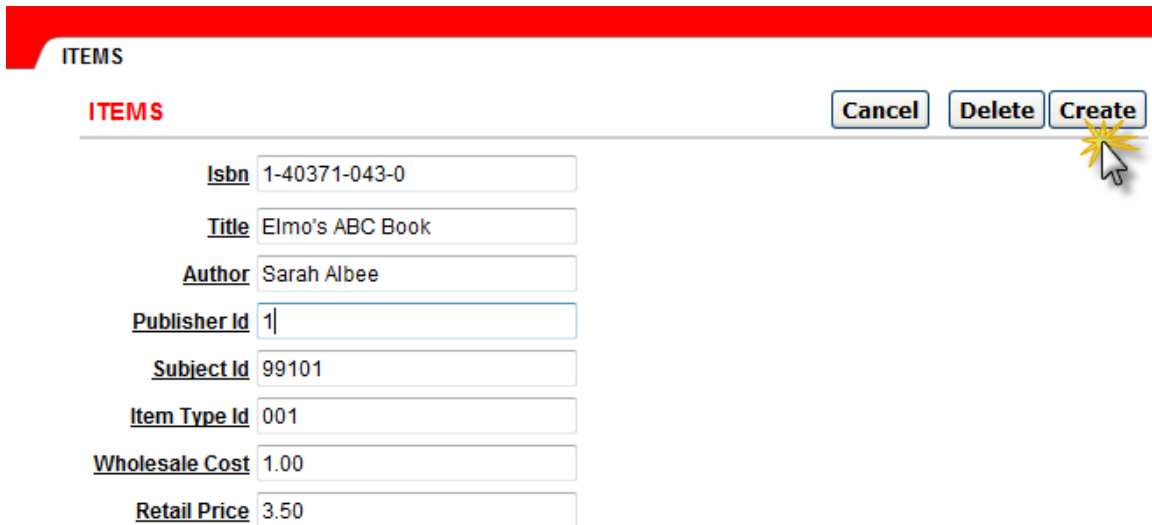

Click on 'Run Application'

Step 2: Creating items

Before orders may be placed you must first create items. Click on the **ITEMS** page and insert a variety of books and other merchandise sold by Amazing Books.

ITEMS

ITEMS Cancel Delete Create

Isbn 1-40371-043-0

Title Elmo's ABC Book

Author Sarah Albee

Publisher Id 1

Subject Id 99101

Item Type Id 001

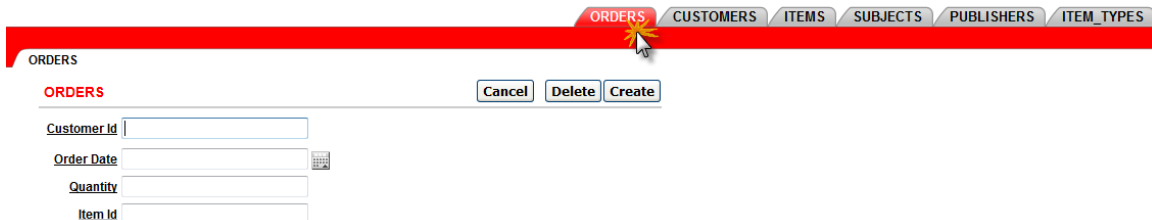

Wholesale Cost 1.00

Retail Price 3.50

Click '**Create**' to add the new item.

Step 3: Creating Orders

Now create at least 10 orders by clicking on the **ORDERS** page. Use each order to demonstrate the different books and/or other merchandise (items) sold in the store.
