Amazing Books

Part 7: Adding Report Attributes

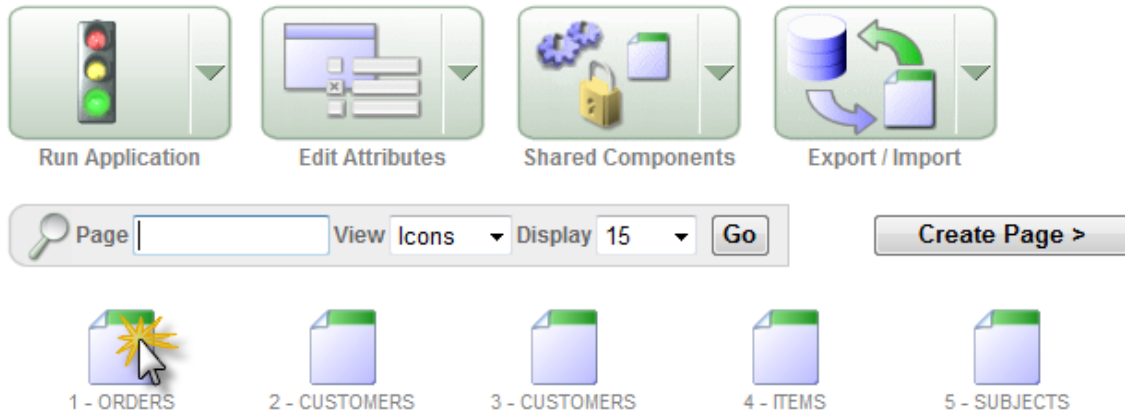

Parts 3 and 5 detailed the creation of forms and reports for Amazing Books. However, `WHOLESALE_COST` and `RETAIL_PRICE` are not shown as currency. This section will provide step-by-step instructions for converting numeric report formats to currency report formats.

Based upon where Amazing Books is located geographically; dollars may not be the correct currency. Be sure to select the correct currency for your location.

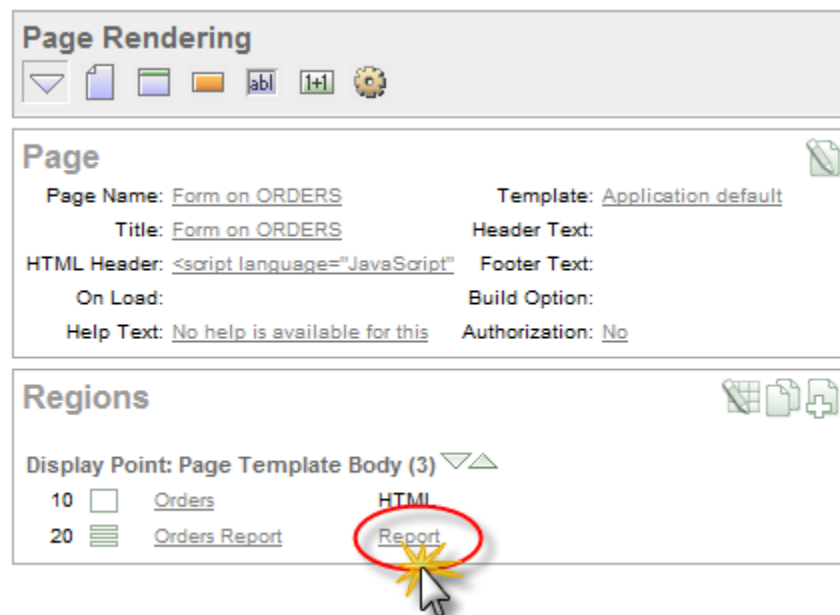

Step 1: Displaying Correct Currency

On the main application pages, select the **Orders** hyperlink from the **Page List**.

Application: 787 - Amazing Books

Under **Page Rendering**, in the **Regions** area, select the Orders Report –Report hyperlink.

At the top of the **Regions** window, select the **Report Attributes** tab.

Scroll down the page and locate the **Column Attributes** area.

Locate the **RETAIL_PRICE** row (shown in the top of the picture below).

Click the **icon** (pencil and paper icon) to the left of the **RETAIL_PRICE** column name.
